

STIPL-PC

Digital Heavy Duty Floor Counting Scale

About

Samurai STIPL-PC weighing scale is a fully featured floor counting scale with numeric keypad for unit weight and sample entry. The bright large backlit display shows unit weight, total weight and number of pieces. A grade #304 stainless steel top pan with die cast aluminium and pillar mounted ABS plastic indicator, make the GFC a durable industrial floor counting scale.

Floor counting scale with high weight capacity and large platform size for counting large or heavy machinery and manufacturing parts

Hardware

- Heavy duty adjustable levelling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Chequered plate surface for added grip
- Rugged construction stands up to industrial use
- Platform Structure in mild steel heavy duty channel

Key features: -

- Bright 18 mm LCD display with LED backlight for easy viewing in most environments
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Total Count, 10 x One-touch Piece Weight Memory keys (Total 20 Piece Weight Memory).
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Overload protection helps prevent damage to internal components
- Digital filtering helps minimise effects of vibration and disturbances
- External calibration allows for verification and adjustment with weights
- Zero-tracking feature ensures display returns to zero reading
- Internal counting resolution 1:600,000 for precise results
- Low Battery Indicator and Charging Status Indicator
- Parts counting with freely selectable sample sizes
- Solid ABS housing is durable for industrial use
- Memory accumulation totals results
- Auto power-off to save energy

Power

- Rechargeable battery included for operation almost anywhere
- Rechargeable battery 6V/4ah for 80 hours continuous use
- Programmable auto power-off to save energy
