

STIPL-PC Platform Weighing and Counting Scale

About

We are instrumental in providing our clients a broad range of **Platform Weighing and Counting Scales** that is manufactured using supreme class raw materials as per the set industry norms. To ensure eminence and flawlessness this is rigorously tested by our quality controllers on various parameters. This is broadly known for its high performance corrosive resistant nature, accurate reading, perfect finish, compact design and durability. This Counting Scale is available in various capacities to fulfill the wide needs of the clients.

Hardware

- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Large, grade stainless steel pan allows easy cleaning
- RS-232 interface is available to provide speedy connection to computers and printers
- Overload protection helps prevent damage to internal components
- Rugged construction stands up to industrial use
- Supports connection to platforms with up to four load cells

Software

- Parts counting optimization automatically refines piece weight as parts are added
- External calibration allows for verification and adjustment with weights
- Product look up (PLU) memory locations store a range of items for recall
- Preset tare function speeds the process of repetitive weighing
- Parts counting with freely selectable sample sizes
- Programmable for counting to a preset number of parts
- Quick and easy configuration using the keypad
- Zero-tracking feature ensures display returns to zero reading
- User can program alarm to sound when preset total is reached

(Optional)
Chequered Plate

Display

- Backlit LCD shows weight, unit weight and count in one convenient location
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"

Power

- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Specification

Capacity (kg.)	Accuracy (g)	Load Cell	Platform Size (mm)	Framework	Platter
50/100	5/10	Tool steel	400 x 400	MS	Stainless Steel
100/200/300	10/20/50	Tool steel	500 x 500	MS	Stainless Steel
100/200/300/500	10/20/50/50	Tool steel	600 x 600	MS	Stainless Steel
300/500	50	Tool steel	750 x 750	MS	Stainless Steel
500/1000	50/100	Tool steel	1000 x 1000	MS	MS Chequered plate
